PL = Punto Luce | Light Point | Point Lumineux | Lichtpunkt

È consigliato posizionare il punto luce (PL) seguendo le quote indicate nello schema e comunque considerando la tipologia di composizione/specchiera scelta. Generalmente la posizione ottimale è al centro della specchiera.

It is recommended to position the spotlight (PL) according to the heights shown on the diagram and, in any case, considering the type of composition/mirror chosen. Generally, the optimal position is at the center of the mirror.

Il est conseillé de placer le point de lumière (PL) en suivant les valeurs indiquées sur le schéma et dans tous les cas en considérant la typologie de composition/miroir au choix. En règle générale, la position optimale est au centre du miroir.

Es wird empfohlen, den Lichtpunkt (PL) entsprechend den in der Abbildung angegebenen Abmessungen und in jedem Fall unter Berücksichtigung der gewählten Kompositions-/Spiegeltyp zu positionieren. Im Allgemeinen liegt die optimale Position in der Mitte des Spiegels.
